

The 31st edition of the series is close to being finalized. Information will be available at www.kryderacing.com and on Facebook as things become final.

Thirty-one years is a long time and many things have changed in all of your lives. They continue to change. The Majors program of the Sports Car Club of America has been expanded across the country in 2013. It is their hope that with fewer National level events the remaining ones will be bigger draws for competitors. With fewer Nationals, Regionals become more important to local competitors. And Regional level series, such as the Kryderacing Regional Championship Series, should benefit.

The Kryderacing Series has also had its changes, but we have tried to stay as close as possible to its original intention. That initial intention was to recognize talented SCCA Regional drivers. Over the years we have expanded from our original roots at Nelson Ledges Road Course to include events at Pittsburgh International Race Course (previously BeaveRun) and Watkins Glen.

A few highlights for the 2013 series include:

* Finger Lakes Regions will again be running events at both Nelson Ledges Road Course (Westward Ho) and Watkins Glen (Fun One).

* Mahoning Valley Region will also have two weekends this year, both at Nelson Ledges. The May event will be a "Triple Regional" with a single event on Saturday and a double on Sunday. Also planned on the same date are PDX and Club Trial events. Their second weekend will be fourth edition of the Divisional Shootout for the Nelson Ledges Cup.

* Steel Cities Region is listing Regionals with both their Driver's School and National weekends.

* We do not plan on changing the points awarding structure for 2013. The 9-6-4-3-2-1 plus a single point for each car beaten will remain. But the changing landscape with regards to Double, Triple, and Quad events has lead us to make a change in which races will be included for earning of points. Our plan is to make the same number of points available each weekend, regardless of the type of event. The sanctioning Regions will have a say as to how these points are distributed. We will leave them the option of spreading the points through all of their races or designating 'feature' races with increased points.

The 2013 Kryderacing Championship Series Schedule is not final, but the following is our goal:

April 20-21	Steel Cities Region Regional at PittRace (with Driver's School)
May 18-19	Mahoning Valley Region Triple Regionals at Nelson Ledges
June 22-23	Finger Lakes Region "Westward Ho" Double Regionals at Nelson Ledges
August 3-4	Steel Cities Region Restricted Regional at PittRace (w/National)
September 14-15	Finger Lakes Region "The Fun One" Regional at Watkins Glen
September 28-29	Mahoning Valley Region Double Regionals at Nelson Ledges
November 23	Kryderacing Series Annual Awards Banquet
